"Your Gateway to OTech Services"

TA 14-06: OTech Quarterly Network Forum

ATTENTION: OTech Network Customers

ACTION REQUESTED: Attend Quarterly Forum

DUE DATE: Wednesday, March 26, 2014

What:

The Office of Technology Services (OTech) has a full agenda for this next quarterly Network Forum. Topics will include: dynamic routing; dedicated server backup network; enterprise DNS; HP OMI (network management); the April 2014 Super Sunday; progress of CGEN migrations; and vendor performance. In addition, we will share information on the changeover to CALNET 3 and the new vendors. Lastly, the team will discuss the root causes of recent major outages and the corrective action plans.

You will have an opportunity to meet and ask questions of the people who make the network services happen.

Note: This conference will not be broadcasted via the web.

When:

Wednesday, March 26, 2014 from 9:30 - 11:00 am

Where:

OTech Training and Education Center
10860 Gold Center Drive, Room 103A
Rancho Cordova, CA 95670
