"Your Gateway to Technology Services"

## TA 16-08: Reduced Oracle Database Subscription Charges for DR

**ISSUE DATE:** April 27, 2016

**ATTENTION:** Current and Future CalCloud Customers

**ACTION REQUESTED:** None – Information Only

**EFFECTIVE DATE:** Available Now

### Background:

The California Department of Technology (CDT) announced in December 2015, via [Tech Alert 15-21](#), the availability of Oracle database subscription licenses in the CalCloud Infrastructure as a Service (IaaS) environment. Until recently, customers using infrastructure Disaster Recovery (DR) services were required to buy Oracle licenses for the primary site and the recovery site.

### What's New:

Customers subscribing to infrastructure DR services in CalCloud will no longer incur additional Oracle database licensing costs. CDT has negotiated a change that allows Oracle database licenses to be used for both the primary and recovery sites; decreasing the Oracle licensing costs by half.

### Services and Rates:

Oracle software is available in the CalCloud IaaS environment at the CDT data center. The monthly subscription licenses allows customers access to all of the following products:

Oracle Database Enterprise Edition	Real Application Cluster	Partitioning
Database Lifecycle Management Pack	Cloud Management Pack	Tuning Pack
Advanced Security Option	Diagnostics Pack	Multitenant

Please refer to [Tech Alert 15-21](#) for a description of each of the products.

Licensing rates provided below are based on the available CalCloud IaaS VM sizes (small, medium, large and extra-large). Please see the CDT Service Catalog for CalCloud server and/or database support services.

CalCloud VM Size	CCUs	Oracle Database Licensing Rate* per DB Server Instance
Small	2	\$946
Medium	4	\$1,892
Large	8	\$3,784
Extra-Large	16	\$7,568

\*Rates include 6.20% Pass-through Admin fee

## Contact:

If you have questions or need further clarification, please contact your Department of Technology Account Lead by using the [Account Lead Directory](#), or call the Customer Delivery Division at (916) 431-5476.
