

STATE TELECOMMUNICATIONS MANAGEMENT MANUAL

State of California Department of Technology		Statewide Telecommunications and Network Division
Category: Telecommunications Management	Chapter Title: Statewide Telecommunications and Network Division	Chapter Number: 0201.0

Issued: October 24, 2008

Revised: July 1, 2013

The Department of Technology, Statewide Telecommunications and Network Division (STND) helps approximately 160 State and 1,800 local government agencies effectively utilize the State voice and data networks and stay connected to the best available rates, services and equipment to meet business needs. This is accomplished through competitively-bid master telecommunications and consultant contracts, and proactive project management. From government offices to prisons and hospitals, and in emergencies, STND works with network providers and customers to keep voice communication and data information flowing.
